## Find A Certified DBE Firm

**DBE SEARCH**  
*Click Here*

**Caution:** DBE regulation (49 CFR Part §26.88) grants certifying agencies, such as Caltrans, authority to suspend DBE firms. Events that can trigger suspension include; death or incarceration of the DBE owner, DBE failing to notify in writing of any material change or if a DBE fails to timely complete and return its Annual Affidavit of no change mailed to it by a certifying agency. Certifying agencies will be implementing this policy beginning September 1, 2015.

**Note:** Contractors are cautioned to verify the real-time DBE database prior to hiring DBE firms. A suspended firm will have a notation on its DBE profile. While suspended, DBE firms may not be considered for contract goal on new contracts. The decision to immediately suspend a DBE is not appealable to the US Department of Transportation.

The Disadvantaged Business Enterprise (DBE) Database contains information on certified DBE firms and is **updated daily**. Use the database query form to find certified DBE firms to meet DBE goals on contracting requirements.

- **[Click here to Access the DBE Query Form](#)** (Export options: CSV | Excel | XML | PDF)  
**[DBE Query Form Instructions / Tutorial](#)**  
**[Sample Database Query / Powerpoint](#)**
- **[Click here to Access the Work Code Guide](#)**  
**[Click here to view Caltrans District Map](#)**

Where there is a DBE goal on a contract, a Bidder must show that it took all necessary and reasonable steps to achieve a DBE goal or other requirement of Appendix "A" to Part 26, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful.

## Disadvantaged Business Enterprise Firm Search

Enter one or more search criteria. (You do **not** have to enter data for every search option listed.)

Hold down the CTRL key to select more than one item for a single criteria. Click Start Search to begin.

**NOTE:** To export all certified firms, click on the Start Search - Export Options button. Do not select or enter any search criteria.

**WARNING:** If you select or enter a large number of search criteria, the Export function will fail. To export desired data, you will need to run multiple queries.

Please Note: DBE Certificates do not expire - firms that do not continue to meet DBE criteria are decertified and removed from the database. For Bidders: It is recommended that when making a query to locate certified DBEs for subcontracting opportunities, your search include, at minimum, "Work Categories" and "NAICS Categories."

\*NEW\* Work Code C8715 - Consultant, Engineering, has been added (only disadvantaged owners holding an engineering license qualify for this code); Work Code C8700 - Consultants, has been re-classified as Consultants, Non-Engineering.
